01-27-2006

This is written at the request of Richard Rownak. I have not talked to or have had any dealings with the Unfinished Furniture store located at Barman and Sepulveda. Mr. Rownak mentioned that someone may have talked to Ed Little about the store. I have not talked to anyone in the city regarding the furniture store. I called Ed Little and asked him if anyone has talked to him regarding the furniture store and he could not remember any conversations. He did say that he has purchased furniture from them and that they were good people.
